

HEALTH AND SAFETY STATEMENT OF INTENT

It is Driver Resource Recruitment's policy to ensure, so far as is reasonable, the health and safety of all persons affected by our work activities. The minimum standard we will adopt will be compliance with legal requirements and the associated appropriate codes of practice. However, our aim is not to only fulfil the spirit of the law and comply with technical requirements, it is to uphold the highest of health and safety standards. We will assess the risks from our activities and will operate according to the procedures that best promote health and safety at work.

We accept our responsibilities for health and safety and are committed to giving health and safety equal importance with other business matters. We will ensure that the resources necessary to achieve the objectives of this Health and Safety Management System are made available to all. We require cooperation from all employees to enable us to fulfil our legal duties and the objectives of this Safety Management System. To promote co-operation, procedures for consulting employees are built into this Health and Safety Management System. They have a duty to follow the standards and procedures laid down by us.

Equipment that enables tasks to be carried out safely will be provided and maintained to ensure their safe operation. Employees will be provided with appropriate training and instruction considered necessary to ensure that they know how to work safely. Risk assessments will be documented for significant tasks and where exposure to hazards cannot be prevented by any other means, appropriate personal protective equipment will be provided and instruction in its use and maintenance given.

We will maintain our premises in a safe manner and suitable facilities for welfare will be provided and maintained, as will arrangements to ensure access to first aid.

The Finance and Compliance Director has ultimate responsibility for health and safety and will nominate a competent person to manage operations day to day. Other responsibilities for health and safety matters have been assigned as appropriate and are described in our 'Responsibilities' section of the Health and Safety Management System.

The Finance and Compliance Director will oversee an annual review of this Health and Safety Management System and associated procedures to ensure their continued effectiveness. Where necessary to ensure legal compliance and promote continuous improvement, the Health and Safety Management System and associated guidance will be amended and communicated.

A summary of the key legislation is provided below - for our information. We have identified legislation that we consider is applicable to us. The following list has been compiled to help draw our attention to this information and to our duties.
